Overview

To get an IIT M degree the process is divided into 3 Levels.

- **Foundation Level**
- **Diploma Level**
- **Degree Level**

Foundation Level

- The Foundational Level comprises courses in Mathematics, Statistics, Basics of Programming and Python, and English.
- These courses have been chosen to ensure that the learner who passes these successfully is well prepared to proceed to the Diploma Level courses.

Options after completion of Foundation level

- **Exit:** The learner may exit with a Foundational Certificate from Centre for Continuing Education, IIT Madras.
- **Proceed to next level:** The learner can join the Diploma Level.

Diploma Level

- **There are two sections in the Diploma Level with courses for Diploma in Programming and courses for Diploma in Data Science.**
- **Each of these diplomas comprises 5 core courses, 2 projects and 1 skill enhancement course.**

Options after completion of Diploma level

- **You may exit with a Diploma in Programming from IIT Madras.**
- **You may exit with a Diploma in Data Science from IIT Madras.**
- **You may exit with both Diplomas from IIT Madras.**
- **If a learner has completed all the courses in Foundational Level and both Diplomas, he/she can proceed to the Degree Level.**

Degree Level

- **The Degree Level has courses that complete the requirements for the BSc degree.**

Options after completion of Degree level

- **Once the learner successfully completes overall 114 credits including credits earned in all previous levels, they can exit with a BSc Degree in Programming & Data Science from IIT Madras.**
- **Learners have to complete a minimum of 28 credits at the degree level.**

Total: 28 courses + 4 projects

Pros

- IIT Madras Degree
- IIT Madras Faculty
- You will be an Alumni of IIT Madras
- Time Flexibility (3 to 6 yrs) (Subjective)
- Learn from anywhere
- No Age Limits
- Eligibility is quite simple.
- NO JEE REQUIRED.
- Only Pay for the courses you opt for.
- Awesome curriculum.
- Live doubt clearing sessions
- International students will be your batchmates. (Sri Lanka and UAE).
- Exit can be decided by yourself. (1 yr, 2 yrs or 3 Yrs)
- After Completion of your Degree you will definitely be Job Ready.

Cons

- **No campus access**
- **Competitive Environment wont be there**
- **Time Flexibility (Subjective) Too much time flexibility becoz of which many students take it for granted and failed to complete this course , khudse efforts daalne honge**
- **No On campus Placements , But Placement & Internship support will be provided after the completion of Degree.**
- **Limited Choices of courses.**
- **Lack of interest as the course is online.**

ELIGIBILITY CRITERIA

- **Anyone who has passed Class 12 or equivalent can apply irrespective of age or academic background. Those who qualify can join the program immediately. View list of accepted class 12 equivalents.**
- **School students who have appeared for their Class 11 final exams can apply irrespective of their group/stream/board. Those who qualify can join the program after passing Class 12.**

Note

- **It is expected that the applicants have studied Mathematics and English in Class 10.**
- **No additional eligibility other than the ones mentioned above is required to apply for the qualifier process or join the foundational level courses after clearing the qualifying exam.**

FEE STRUCTURE

Application Fee

General Category / OBC Applicant	₹3000 application fee
SC / ST Category / PwD ($\geq 40\%$ disability) Applicant	₹1500 application fee
SC / ST Category Applicant who is ALSO PwD ($\geq 40\%$ disability)	₹750 application fee

Re-attempt Application Fee

General Category / OBC Applicant	₹1500 re-attempt fee
SC / ST Category / PwD ($\geq 40\%$ disability) Applicant	₹750 re-attempt fee
SC / ST Category Applicant who is ALSO PwD ($\geq 40\%$ disability)	₹375 re-attempt fee

Course FEE = 2.52 Lakhs for Complete Degree

✓ Each term, pay only for the courses you register for in that specific term.

- ⦿ Foundational Level - ₹4,000 per course.
- ⦿ Skill Enhancement courses in Diploma Level - ₹7,500 per course
- ⦿ All other courses in Diploma / Degree Level - ₹10,000 per course
- ⦿ Projects in Diploma / Degree Level - ₹2,500 per project

Scholarships

	Family Income > 5 LPA		Family Income > 1 LPA and ≤ 5 LPA		Family Income ≤ 1 LPA	
	Fees	Docs Required	Fees	Docs Required	Fees	Docs Required
General	Full Fee	NIL	50% waiver	EWS + Family Income	75% waiver	EWS + Family Income
OBC	Full Fee	NIL	50% waiver	OBC-NCL + Family Income	75% waiver	OBC-NCL + Family Income
SC / ST	50% waiver	SC / ST	50% waiver	SC / ST	75% waiver	SC / ST + Family Income
PwD	50% waiver	PwD	50% waiver	PwD	75% waiver	PwD + EWS / OBC-NCL + Family Income
SC / ST + PwD	75% waiver	SC / ST + PwD	75% waiver	SC / ST + PwD	75% waiver	SC / ST + PwD

ENTRY PROCESS

There are two types of entry available

- **Regular entry**
- **JEE based entry**

Regular entry

- **All regular entry applicants must go through the Qualifier Process to earn admission to the Foundation Level.**
- **The qualifier process includes 4 weeks of coursework based on lecture videos, assignments, and live sessions of the four foundational level courses - English I, Mathematics for Data Science I, Statistics for Data Science I, and Computational Thinking - that will be provided through our online portal. Every week an assignment must be submitted for grading in each course.**
- **At the end of the 4 weeks, a qualifier exam will be conducted for eligible candidates based on the content covered in the 4 weeks of study.**

Cutoff for Qualifier Round

	Minimum Average Assignment Score required in each course
General Learner	40%
SC / ST / PwD with 40% disability	30%
PwD with 40% disability & SC / ST	30%
OBC-NCL / EWS	35%

Cutoff for Foundation level

	Min. Req. Qualifier Exam Score in each course	Min. Req. Average Qualifier Exam Score
General Learner	40%	50%
SC / ST / PwD with 40% disability	30%	40%
PwD with 40% disability & SC / ST	30%	40%
OBC-NCL / EWS	35%	45%

Cutoff for No of Courses

Average Qualifier Exam Score (M)	Number of courses allowed to register for
Minimum required $\leq M < 50\%$	up to 2 courses
$50\% \leq M < 70\%$	up to 3 courses
$M \geq 70\%$	up to 4 courses

Note : The marks scored in the qualifier will determine the number of courses you are eligible for

Validity After Qualifier exam

- **For candidates who have already appeared for or cleared class 12 board exams, the Qualifier Exam result is valid for a period of 3 terms (or 1 year)**
- **For candidates who are yet to appear for class 12 board exams, the Qualifier Exam result is valid for a period of 6 terms (or 2 years).**

JEE based entry

- **Candidates qualified to appear for JEE Advanced 2022 can directly join the program , Term by following the steps - :**
- **Complete the application form <https://onlinedegree.iitm.ac.in/>**
- **Watch video content and submit weekly assignments for first 4 weeks of the four foundational level courses - English I, Mathematics for Data Science I, Statistics for Data Science I and Computational Thinking.**
- **Appear for the in-person quiz of 4 hours duration conducted at the end of 4 weeks of coursework covering all 4 courses.**
- **Based on the scores of the Quiz the candidate will be allowed to select the number of Courses.**

Cutoff for No of Courses

Average In-person Quiz Score (M)	Number of courses allowed to register for
$M < 50\%$	up to 2 courses
$50\% \leq M < 70\%$	up to 3 courses
$M \geq 70\%$	up to 4 courses

Future Scope of this degree

- Data Science is one the most emerging fields and by 2026 an estimated 11.5 million jobs will be available(U.S. Bureau of Labour Statistics).
- Data Science is a very well paid jobs in the IT Sector.
- After the completion of 3 yrs degree course, you'll have a firm understanding and skillset in the field.
- With the help of these skillsets , you can easily crack jobs in the top notch companies like Microsoft.
- IIT madras Bsc Degree will help you to stand out between your competitors.

FAQs

1

Does IIT Madras offer B.Sc in Programming & Data Science on-campus ?

No, They dont provide this degree On-Campus

2

Will those enrolled to this program have access to IIT Madras campus facilities?

No, the learners who have enrolled in this degree wont have access to IIT-M campus facilities

3

What is the language of instruction for these courses?

All the courses are in English

4

Do we need prior Coding knowledge for this?

No, there are no prerequisites for this course

FAQs

5

How long will it take to complete the online degree program if I am working?

Every learner can learn this on their own pace from 3–6 yrs

6

What are the technological requirements for this program?

A Laptop/PC and a good and stable Internet Connection.

7

How much time do I need to spend on a course per day?

The expected effort to do well in one course is about 10 hours per week.

7

Is there an attendance policy for this program?

There is no daily attendance, but once you register for the courses, submission of weekly assignment is taken as an attendance indicator

FAQs

8

Can I take my exams from home?

No, You have to take the exams in test centres only.

9

Are the exam dates flexible?

No, the exam dates are not flexible.

10

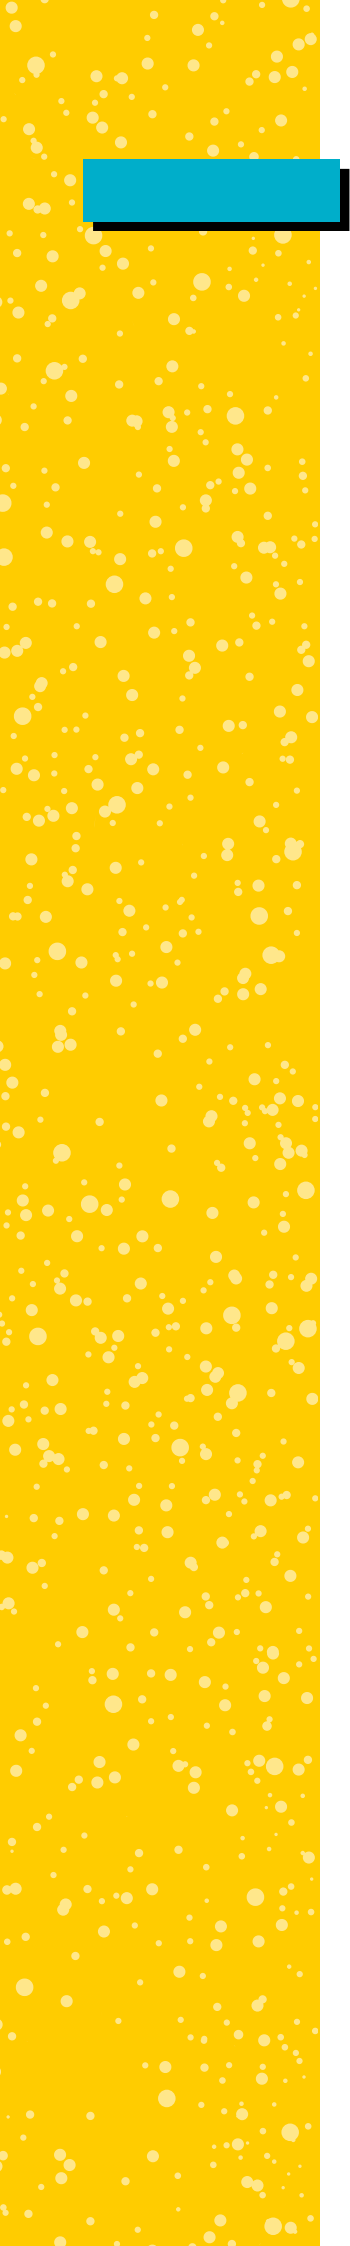

Is the program available to students currently in class 12 or equivalent?

Students currently in class 12 (or equivalent) will be allowed to apply for the program

11

How many times a year will there be admissions?
Will it be only once a year?

Currently there are applications 3 times a year
